OPENCHAIN

Specification

- Translations updates

- Jira availability (https://openchain.atlassian.net)

- Spec guiding principles

- Spec FAQ for contributors

OPENCHAIN

Specification Guiding Principles

- Build trust and consistency around the use and sharing of open source
- Less is More
  - Deliver necessarily and sufficient requirements of a "quality" compliance program
  - Focusing on meaningfully significant pain points (based on actual practice)
  - Avoid boiling the ocean

OPENCHAIN

Specification Guiding Principles

- Focus of the what and why (avoid the how and when)
  - Embrace implementation of different practices to solve same problem
- Avoid providing best practice and/or legal advice – for the spec

OPENCHAIN

Conformance

- The OpenChain Conformance Logo will be announced at LinuxCon China today:

Curriculum

- The new chair of the Curriculum Work Team has been appointed: welcome Alexios Zavras from Intel!

- Flowchart material has been donated under CC-0 for consideration

- The Work Team will formulate a plan for future development in the next weeks
