Antitrust Policy Notice

› Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

› Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at http://www.linuxfoundation.org/antitrust-policy. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

□ THE LINUX FOUNDATION

Agenda

- Roll call

- Project Update *(Shane Coughlan)*

- Specification *(Mark Gisi)*

- Onboarding *(Nathan Kumagai)*

OPENCHAIN

Project Update

- OpenChain Project has two talks the Open Source Summit Europe:
https://www.openchainproject.org/news/2017/10/05/openchain-project-announces-two-talks-at-open-source-summit-europe
- OpenChain Project has an Open Session on the 24th October:
https://www.openchainproject.org/news/2017/10/10/openchain-project-announces-open-session-at-open-source-summit-europe
- The OpenChain Specification is in Chinese:
https://www.openchainproject.org/news/2017/10/11/%e4%bd%a0%e5%a5%bd%ef%bc%81the-openchain-specification-is-in-chinese
- The OpenChain Project now has a quick-start package:
https://www.openchainproject.org/news/2017/10/12/openchain-project-releases-quick-start-package

OPENCHAIN

Specification

- Discuss Survey Feedback
- Discuss spec 1.2 open issues

Onboarding

- Quick Start Guide v1.0
- Next onboarding project is to create Checklists (thanks to Jim Hutchison for the idea). I suggest we come up with interactive lists that pull in attention, such as:
    - What OpenChain (or FOSS compliance) elements do you already have in place?
    - What barriers do you experience using FOSS?
