

Work Teams Call 2020-01-06

Please note: we are using ISO 8601 date format: Year/Month/Day

Antitrust Policy Notice

- › Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.
- › Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at <http://www.linuxfoundation.org/antitrust-policy>. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

Agenda

- Roll call
- Project Update
- Coming Next
- Any Other Business

Summary: Key Strategic Developments 2019

This year we had three goals:

- Increase the size of the community of conformance
- Increase the size of the partner program
- Build out activities in China, Japan, Korea and India

We had success in all of these areas:

- The community of conformance has increased from 20 to 35 entities
- The partner program has more than doubled to 21 entities
- We have work groups in China, Japan, Korea, India and Taiwan

Our Current Position:

- We are networking an increasing number of companies globally
- We had some great partners come on board, like PwC Germany and CMS
- We had significant progress on our ISO preparation

Current Global Work Groups

Automotive Work Group (Summer 2019~)

Tooling Work Group (Summer 2019~)

Global Third Party Certification (Mar 2019~)

OpenChain in ISO (June 2019~)

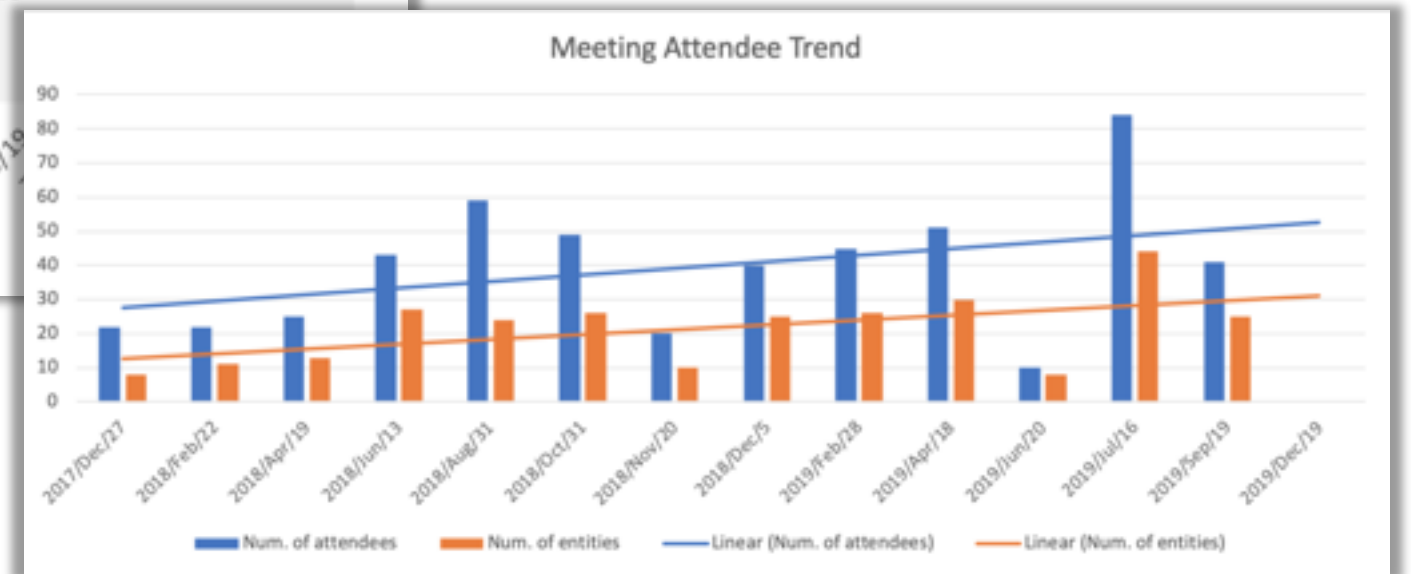

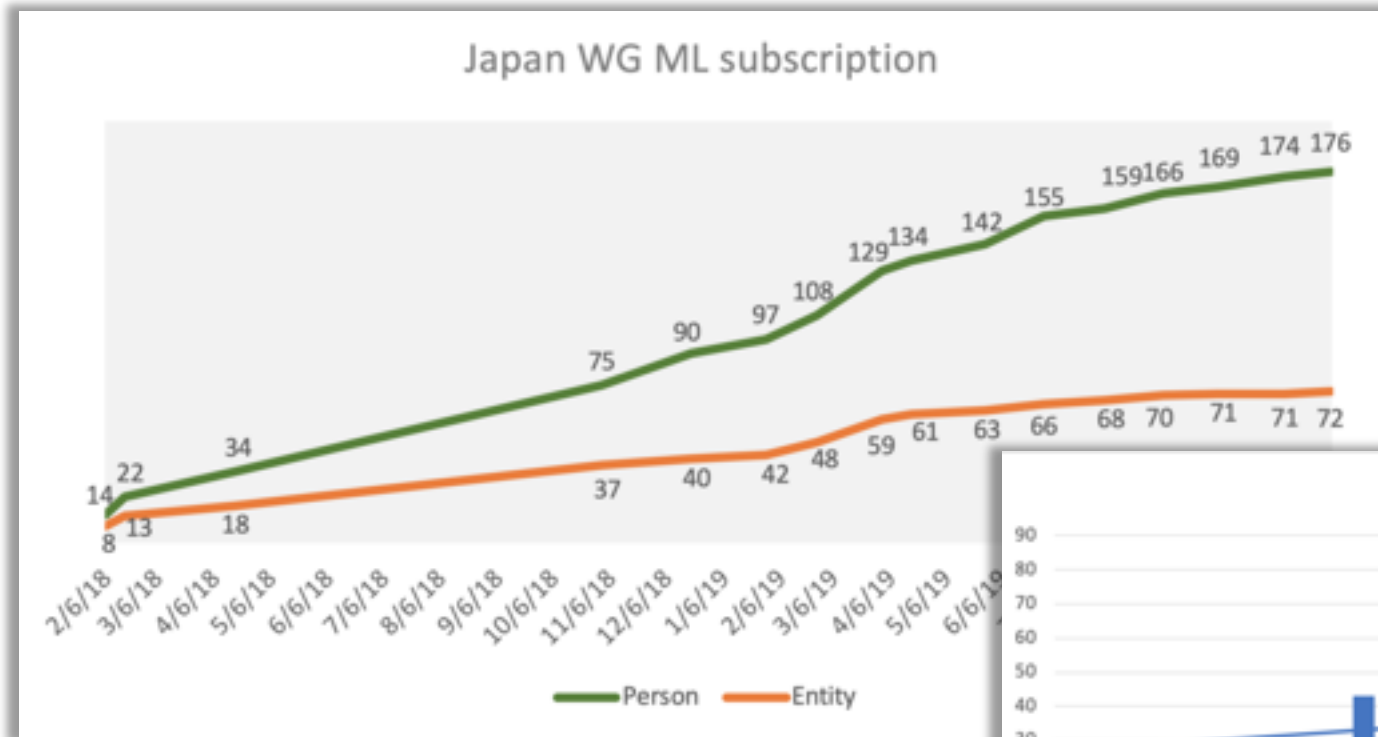

The OpenChain Project is submitting our specification to ISO via Publicly Available Specification (PAS) in Joint Technical Committee 1 (JTC-1).

Working in partnership with in partnership with Joint Development Foundation we expect to become a formal standard in the 1st half of 2020.

OpenChain in Japan (2018~)

OpenChain in Japan

OpenChain in Korea (Jan 2019~)

OpenChain in India (Sept 2019~)

OpenChain in China (Sept 2019~)
