

OpenChain Japan Work Group ad hoc meeting

Date: June 8th, 2018 (13:30-16:30)

Venue: Sony HQ, Creative Lounge

Overview:

(1) The draft of pamphlet which describes Japan WG was proposed by Nomura-san from Hitachi.

The draft will be placed on wiki, and members can contribute to make it.

(2) The lightning talk (OSS organization) at the 3rd meeting was reported to members who could not attend.

Attendees who could not attend the previous meeting also shared their case studies and discussed common issues.

(3) The lightning talk (Training) was performed. This talk is preliminarily performed, in order to gather contributions from those who cannot attend the 4th meeting at Nagoya.

These contributions will be presented at the 4th meeting.
